Treatment. Recovery. Transformation.

The EmberWood Center was formerly known as Community Addiction Services of Indiana, or CASI. The EmberWood Center began in 1979 and has gone through several transitions over the last 30 years but the one thing that has remained the same is its' staff 's dedication to helping those who struggle with addiction.

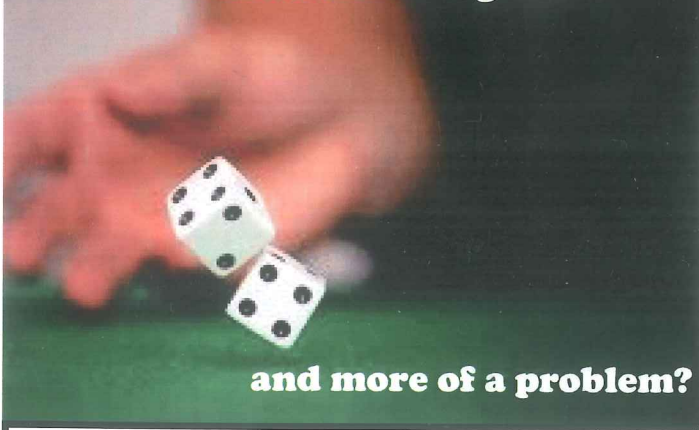

EmberWood Center offers adult and adolescent outpatient drug, alcohol, and gambling treatment and positive youth-development services designed to prevent substance abuse.

Our administrative and therapeutic staff are dedicated to providing education and resources on addiction, an issue that affects people from all walks of life.

We are certified by CARF (Commission on Accreditation of Rehabilitation Facilities) and the State of Indiana. We deliver the highest quality of outpatient treatment services available. Using evidence-based practices (EBP) ensures the most effective and efficient approach to assisting individuals and families on their path to recovery.

Subsidiary of:

Has this become less of a game...

and more of a problem?
